**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose a competitive provider because I disagreed with the business ethics of the company that owned the last mile wires. These wires are _very_ difficult to add where I live, San Francisco, due to extreme regulations. If we continue down this road, we will be limiting the ability for smaller companies to compete, eventually creating a monopoly over the internet in the US. The US already ranks very low on average internet speeds, this change will greatly reduce the quality and quantity of competition.
